Auto Skills - Get a Trade, Career Made

For The Industry – By the Industry

www.autoskills.org.au

AAPR CEO Greg Preston pointing to the number of Jobs pledged,123, at the launch of Auto Skills

Auto Skills - Get a Trade, Career Made - for new entrants looking to work in the Automotive Industry

AAPR kicked off its National Jobs Challenge & FREE web based Industry Jobs site platform Auto Skills, www.autoskills.org.au at AAPR's Future Skills Forum & Innovation Expo partnering with the Industries leading stakeholders at the launch of 3M's new Western Sydney state of the art training facility in Blacktown. Attended by the Automotive's leading industry stakeholders represented by collision repair specialists and suppliers, insurer work providers, training organisations and community based charities which specialise in assisting the transitioning of students from school to the work force.

AAPR secured over 140 new job pledges by the end of the day at its Auto Skills inaugural launch with its 100 jobs in 30 mins' challenge which started at 1.00pm.

Auto Skills is a FREE Auto Industry jobs site for employers in any automotive business to use to attract new entrants into their businesses. It is designed to incorporate 3 main elements to secure our industries future workforce. Spearheaded by Industry offering jobs, partnering with Certified Training Organisations and inviting Job Support Organisations such as Community Groups and Employment agencies on a National scale to contribute to the success of ensuring our workforce of the future.

AAPR continues its advocacy as a responsible and constructive Automotive Trade Association on behalf of the Industry it represents and would like to thank our key sponsors in holding our Premier Event for 2016.
